

TracPhone® V3IP & V3 Airtime Rate Sheet

Effective 1 June 2015

KVH TracPhone V3IP & V3 –

They will change the way you think about using SATCOM at sea!

KVH has made SATCOM at sea both simple and affordable with the TracPhone V3IP and V3. Their small size and integrated design enables fast and easy installation. While the TracPhone's price is competitive to what you would pay for other satellite hardware, the affordable mini-VSAT BroadbandSM service offers fast, high quality data transmissions and crystal clear voice service that is a fraction of the price of L-band service. There's finally a satellite solution you can actually afford to use to stay in touch with your colleagues, family and friends!

KVH TracPhone V3IP & V3 Simple Metered Rate Plans

Usage-based plans provide fast, reliable service and low costs, starting at just \$49/month for 50 MBs of data!

- Fastest speeds up to 2 Mbps shore-to-ship / 128 Kbps ship-to-shore
- Low out-of-bundle rates
- Unrestricted access to all applications and protocols
- Includes 1 phone line for TracPhone Enhanced Voice Service

KU-BAND DATA SERVICE				ENHANCED VOICE SERVICE
Monthly Data Plans	Monthly Rates (\$USD)	Monthly Allotment	\$/MB Over Plan	All phone calls to land or cell WORLDWIDE only \$0.49/minute!
Plan	\$/Month	MB/Month	\$/MB	
M50	\$49 (≈\$0.99/MB)	50	\$1.99	
M250	\$249 (≈\$0.99/MB)	250	\$1.99	
M500	\$499 (≈\$0.99/MB)	500	\$1.99	
M1000	\$999 (≈\$0.99/MB)	1,000	\$0.99	
M3000	\$1,499 (≈\$0.49/MB)	3,000	\$0.49	

Go Figure!

To help you determine which plan best fits your needs, here are some estimated data usage amounts to help you get started:

Send/Receive/Download:	Approx. Data Usage:
1 e-mail (text only)	0.01 MB
1 e-mail w/attachment (typical Word, PowerPoint or Excel)	0.30 MB
1 web page load	0.30 MB
1 hi-res smartphone photo	1.00 MB
1 30-second YouTube clip	2.00 MB
1 3-minute song	1.50 MB

Approximate usage only; actual amount of data for described activity can vary significantly.

**You can do A LOT
with a MB!**

- 100 e-mails!
- 3 e-mails w/attachments!
- 3 web page loads!
- 1 hi-res smartphone photo!

TracPhone V3IP & V3
Satellite communications that is
small, simple, fast, global, and affordable...all at once!

TracPhone Enhanced Voice Service... the Best in the Business!

TracPhone's Enhanced Voice Service is a managed solution optimized for satellite communications and fully integrated into the mini-VSAT Broadband solution. Enjoy critical advantages, including significantly lower bandwidth use compared to off-the-shelf VoIP solutions and network voice prioritization that assures the bandwidth allocated to the telephone line to ensure the high quality of your voice connection even while other users surf the web, log into corporate networks, or send and receive e-mail. With TracPhone Enhanced Voice Service you will enjoy always-on voice connections and a great suite of convenient features and account management tools that you can access anywhere in the world!

Bring Broadband Hardware & Service Onboard for One Low Monthly Price

In today's competitive market, you need to run a smart and efficient business. That's why KVH has made it even easier to bring broadband connections onboard with our flexible and affordable Maritime Equipment Leasing Program. Avoid a major capital investment when upgrading your vessels and treat these powerful SATCOM solutions as a multi-year operating expense. KVH's Leasing Program makes updating your broadband connections and VoIP telephone service more affordable than ever! Contact your dealer/distributor or KVH sales for details.

mini-VSAT Broadband Coverage

TracPhone mini-VSAT Broadband products offer a tremendous coverage area, including the most widely used shipping routes around the world, with high-speed, reliable Internet and voice connections. Visit www.kvh.com/minivsatmap for details.

General Terms

- All prices are in \$USD and do not include any taxes or fees that may apply.
- All rate plans are based on a minimum 1-year contract.
- Published data rates are rate plan maximums and may vary in different regions and under different conditions.
- All services and plans are subject to the KVH Airtime Services End User Agreement.
- Subscribers are permitted to change subscription plans and suspend service with certain restrictions. For complete details, see KVH mini-VSAT Broadband "Airtime Rate Plan Changes and Suspension Policies" and "Airtime Rate Plan Change/Suspension Form" at www.kvh.com/mvbcustomercenter.
- A maximum of 5 Global Static IP addresses are available per modem. See www.kvh.com/staticip for details.
- A KVH-assigned voice line phone number is provided at no charge. A user-specified voice line phone number is \$20/month.
- Virtual local phone numbers can be added for a monthly fee of \$20 per number (5 max) where available and are subject to in-country regulations. The list of available area/city codes worldwide can be found at www.kvh.com/mvbservice.
- With Metered Plans, both incoming and outgoing calls are charged at \$0.49/minute. A few select countries and satellite phone services are blocked. Contact KVH Airtime Services for special rates for these areas and services.
